Board of Directors Meeting

Agenda Item Summary

November 10, 2026

Agenda Item No.	Staff Contact
8a	Steve Akre, Fire Chief

Agenda Item Title

Monthly Fire Chief's Report

Recommended Actions

None

Executive Summary

The monthly Fire Chief's report is crucial for maintaining transparency and accountability within the District. It provides an overview of current administrative updates, incident responses, budget and financial status, personnel changes, training activities, and the status of buildings and land. Additionally, it covers equipment readiness, fire prevention initiatives, community outreach efforts, and events hosted by the fire association. This comprehensive report ensures that all stakeholders are informed about the department's operations, challenges, and achievements, fostering better decision-making and community trust.

1. October 2026 Chief's Report

Sonoma Valley Fire District

Proudly Serving the Communities of
Sonoma, Valley of the Moon, Glen Ellen, Kenwood, and Mayacamas

DATE: 11/10/2026

TO: Sonoma Valley Board of Directors

FROM: Chief Akre

SUBJECT: Monthly Activity Report – October 2026

A. ADMINISTRATIVE:

1. Chief Bellach Memorial Service: We are deep in the planning and preparations for Chief Bellach's Memorial Service on 11/12 at the LBC at 1300 hours. DC Andreis and BC Johnson are leading these efforts.

2. SDC: Nothing new to report.

3. REDCOM Update: The REDCOM Board met on 10/1/26.

4. SCFCA/Measure H update: We continue to move forward with all implementation plans, with a focus on REDCOM, Training, Technology, and Recruitment and Retention Programs. The next SCFCA meeting will be held in Occidental on 11/18. The SCFCA successfully partnered with First Responder Resiliency and will host a second, one-day program for retirees or those about to retire on 12/10 in Cotati. Here is the link to the latest Measure H newsletter: https://www.sonomachiefs.org/fire-safety-measure-newsletter

5. I continue to meet monthly with the CAO's Office as well as Supervisor Hermosillo.

6. We held our weekly Executive Chiefs meetings. We also held our monthly Command Staff meeting. We will hold our semi-annual All-Officers Meeting on December 8th.

7. Cal Chiefs: We held a very successful week-long conference from 10/26 through 10/30 in Los Angeles. Bob, Trevor, Jason, Gary and Maci joined me for the very informative conference. There were great educational offerings as well as networking opportunities. Dana and I presented on Measure H. And it was great to have support as I was sworn in as the President for the next year. Maci and I also attended the Annual Planning Meeting just after the conference. I continue to attend the monthly Cal Chiefs E-Board, and Metro Chiefs, and weekly Presidents' forum meetings.

8. FRMS: The Board met on 10/19 and will meet again on 11/30.

9. BC Campbell and I attended the semi-annual Baggers Networking Leadership Group on 11/2 and 11/3.

B. INCIDENTS:

https://www.sonomavalleyfire.org/svfd-monthly-report

C. BUDGET/FINANCE:

1. We continue discussions with the City on the next steps following the current contract's expiration in February of 2027.

D. PERSONNEL:

1. FF/PM Sam Morgan resigned to take a position with the Oakland FD. We thank Sam for his dedication and many years of service to our department and community and wish him the best in the future.
2. We are in the process of testing for the upcoming Deputy Fire Chief opening.

E. TRAINING:

October 2026 – Training Division Summary – Also please see attached training report

Training Overview

During October, District personnel completed **498 documented training hours**, including 410 hands-on hours and 88 lecture/online hours. These totals exclude acting-assignment training.

Operational Training and Readiness

Company-level training continued throughout the month, emphasizing fundamental firefighting operations, hose deployment, fire department connections, master-stream operations, and water supply. Personnel also participated in driver/operator development, relay pumping exercises, and tactical decision-making scenarios.

Special Operations and EMS

October included several specialty training opportunities, including:

- Joint training with CHP Helicopter H-30 at SDC, focusing on helicopter rescue capabilities and operational coordination.
- Animal Technical Rescue training at Atwood Ranch.
- Regional UAS training at Lake Sonoma involving multiple disciplines.
- EMS training focused on cardiac arrest scenarios, patient assessments, protocol updates, and MICU skills development.
-

Training Division Program Development

Continued progress was made in expanding the Training Division Portal, providing personnel with centralized access to training calendars, instructional resources, announcements, and employee tools. Personnel also received orientation on the updated training systems.

Additional improvements were made to the electronic training request and reimbursement process, including financial tracking and administrative oversight. Development continued on the department-level training dashboard to improve visibility into training activity and participation.

Looking Ahead

November training priorities include hazardous materials operations, continued company-level training, volunteer development, and regional technical rescue courses. The Training Division will also continue coordinating upcoming training opportunities and supporting personnel development throughout the District.

F. EQUIPMENT:

1. The new Brush 35 is being constructed at Hi-Tech and is expected to be delivered soon.
2. The new Engine 33 and 35 are scheduled to be delivered after the first of the year.

G. BUILDINGS & LAND:

1. The New Station 2 project: we are working on our application to LAFCO through PRMD to be annexed into the Sanitation District, as well as the Use Permit. We are working with Adobe on cost estimates and plans for the annexation.
2. We continue to move forward on the Station 6 remodel and have a start date of 3/1/27.

H. PREVENTION & COMMUNITY OUTREACH:

1. See attached monthly activity report.
2. SVFD ISO Ratings:
    a. City: Class 1
    b. Unincorporated valley, including GE, VOM & Eldridge: Class 2 (Class 10 if over 5 miles from a fire station). We continue to work on improvement items for the District's rating.
    c. Mayacamas Service Area: Class 8B (Class 10 if over 5 miles from a fire station)

Vegetation Management Monthly Report - October 2026

Sonoma Springs Fire Resilience Area and Western Gravel

Work began in October on the approximately 52-acre Western Gravel project, the first phase of the Sonoma Springs Fire Resilience Area. This effort brings together SVFD, Sonoma Ecology Center, Conservation Corps North Bay, and the countywide Measure H Fuels Crew to reduce hazardous vegetation near the Springs community. County funding, Measure H support, and partner contributions are supporting implementation.

The October 29 public kickoff was a successful event that highlighted the partnerships and public investment making this project possible. Thank you to President Norton for attending and supporting

this effort. Community members who attended provided very positive feedback, expressing appreciation for the work underway to improve wildfire resilience in their neighborhoods.

Grants and Grove Street Shaded Fuel Break

SVFD is guiding the Grove Street Fire Safe Council's California Fire Foundation grant proposal, the primary focus for this funding cycle. The proposed project would extend the Grove Street Shaded Fuel Break from Grove Street to Highgrove, connecting to Sobre Vista Road and completing an east-to-west fuel break across Sonoma Mountain. It would also reopen a historic fire road in an area with limited access, improving emergency access and supporting firefighting operations.
Additional grant requests are being pursued through Sonoma Ecology Center to support the Sonoma Springs Fire Resilience Area, specifically the Ladera project.

Cavedale and Future Vegetation Management Planning

SVFD continued coordinating with Sonoma RCD on environmental planning for future vegetation management and prescribed fire projects in the Southern Mayacamas. This work is intended to establish a pathway for implementing projects at Station 9, Cavedale/Silver Cloud, and Moonridge, covering approximately 97 acres.

Planning also continued for additional roadside fuel reduction along Cavedale Road, including identifying contractor options and comparing treatment costs to support future implementation.

Wildfire Mapping and Resiliency Sites

SVFD continued working with regional fire agencies, Sonoma Ecology Center, Napa Firewise, and mapping partners to improve how preincident information is collected, maintained, and shared. The goal is to provide responding firefighters with consistent, accessible information about roads, water supplies, and vegetation management projects.

Bartholomew Park preplan information is now available in Intterra, with coordination continuing toward availability in Tablet Command. This work supports a consistent approach to mapping additional properties throughout Sonoma Valley.

Resiliency Sites are an established program in Napa County. Developing a similar program in Sonoma Valley has the potential to help reduce insurance costs and encourage insurance companies to return to the valley by documenting wildfire mitigation efforts and resources available to responding firefighters.

Firewise Communities

SVFD continued supporting local Firewise communities through coordination on vegetation management priorities, grant opportunities, and long-term maintenance. October efforts included preparation for the Kinnybrook HOA annual meeting, with a focus on fuel break maintenance and community goals for 2027.

Fall Prescribed Fire Coordination

SVFD coordinated staffing and volunteer availability to support State Parks prescribed burns at the Sonoma Developmental Center and Sugarloaf Ridge State Park. These partnerships support vegetation management and provide opportunities for firefighter training and prescribed fire experience.
All Hands Ecology completed prescribed burns at Bouverie Preserve and Sonoma Botanical Garden. SVFD offered assistance, although support was not needed.
The Van Hooser Wildflower Preserve burn was postponed again, with tentative dates during the week of November 9, conditions permitting.

2026 Defensible Space Inspections

SVFD continued defensible space inspections, AB 38 inspections, and follow-up on vegetation complaints to support wildfire preparedness and property owner education. Total defensible space inspections year-to-date through October reached 416.

PPE and PPC Update

SVFD continued improving protective equipment inventory and tracking, including updates to ImageTrend and coordination of cleaning and inspection records. Ongoing work focuses on maintaining equipment availability, supporting replacement needs, and evaluating software options to improve PPE management. SVFD also continued ongoing collaboration with fire agencies throughout Sonoma County.

I. ASSOCIATION NEWS AND UPCOMING EVENTS:

1. Glen Ellen Village Fair was very successful.
2. Save the Date for the annual Christmas Party on December 5th at Hopmonk.
